PSI 

PSImetals University

September 2011 - Brussels - Belgium

Plan your own training for you and your collaborators!

For each solution, 2 modules of training are available: basic and advanced trainings.

- Line Scheduling for Casters¹
- Line Scheduling for Mills²
- Demand & Sales Planning / Master & Capacity Planning³
- Material Planning⁴ & Order Scheduling

On request:

- Plate & Coil Combination⁵
- Hot & Direct Charging Optimisation⁶

	<i>Day 1</i>	<i>Day 2</i>
	<i>Basic</i>	<i>Basic</i>
<i>Caster Scheduling¹</i>	<i>Overview & Model</i>	<i>Building & Editing Schedules</i>
<i>Mill Scheduling²</i>	<i>Overview & Model</i>	<i>Building & Editing Schedules</i>
<i>Demand & Sales Planning / Master & Capacity Planning³</i>	<i>Introduction, Demand Forecasting, Sales Plan Optimisation, Due Date Quoting, Master Planning, Capacity Plan Management, Campaign Optimisation</i>	
<i>Material Planning⁴ & Order Scheduling</i>	<i>Introduction, Inventory Optimisation, Interactive Material Allocation, Cross Plant Scheduling of Order Book, Forecast of Delivery Dates, Bottleneck Optimisation</i>	

¹ Including functions from former AlphaPlanner in AIS SteelPlanner's suite

² Including functions from former BetaPlanner in AIS SteelPlanner's suite

³ Including functions from former SalesPlanner and MFC in AIS SteelPlanner's suite

⁴ Including functions from former MFC and ProductMatch in AIS SteelPlanner's suite

⁵ Including functions from former PIANO / SACSO in AIS SteelPlanner's suite

⁶ Including functions from former SigmaPlanner in AIS SteelPlanner's suite

Modules of training are scheduled on 2 weeks so that you can create your own „menu of formation“ (see the dates on the back).

Each module can be chosen independently. Trainings are given by PSI Metals consultants and are hands-on oriented.

<i>Day 3</i>	<i>Day 4</i>	<i>Day 5</i>
<i>Advanced</i>	<i>Advanced</i>	<i>Advanced</i>
<i>Configuration</i>	<i>Tuning</i>	
<i>Configuration</i>	<i>Tuning</i>	
<i>3rd day for Basic Training</i>	<i>In-depth Configuration Analysis, Tuning, Advanced Topics (multi assignment, database, multi users,...)</i>	
<i>3rd day for Training</i>
