Traveling by car

From South, East or North we recommend the A3 and from West the A52 from direction Mönchengladbach. Free parking is available at company ground.

A3

Coming from the A3 drive to exit Mettmann in the direction of Düsseldorf and follow the Bergische Landstraße (B7). After a short distance the name changes to Ludenberger Straße. At Stauffenplatz you follow the B7, while you bend inwards half right into the Vautierstraße which goes over then after approx. one kilometer in the Heinrichstraße. After approx. 500 m you find us on the right side shortly behind the Robert-Stolz-Straße. You can reach the car-parks about the access road ramp to the underground parking.

A52

From the A52 (left side of the Rhein) you follow the B7 and drive across Theodor-Heuss-Brücke to the "Mörsenbroicher Ei" and farther up to Heinrichstraße (B7) direction Grafenberg. (You also reach the "Mörsenbroicher Ei" if you drive on the A52 or on B1 from northern direction.) After approx. 700 m you change the direction by turning to the amount of the Grunerstraße (DRK-Centre) two times on the left. After approx. 200 m you find us on the right side shortly behind the Robert-Stolz-street. You can reach the car-parks about the access road ramp to the underground parking.

Traveling by aeroplane

After your landing on the Düsseldorf International Airport we recommend the taxi directly to ourselves (about 20 euro, running time to approx. 15 minutes) or the S-Bahn (S7) to the central station.

Traveling by train

At central station you go by bus 834 in direction Belsenplatz (running time to approx. 14 minutes). Leave at bus stop „Ludwig-Beck-Straße which is approx. 200 m next to our company building.
